# What is ORCID?

- ORCID provides a persistent digital identifier (an ORCID iD) that you own and control, and that distinguishes you from every other researcher.
- ORCID is an independent non-profit effort to provide an open registry of unique researcher identifiers and open services to link research activities and organizations to these identifiers.

# Linking ORCID with ACCEL

Linking your ORCID to your ACCEL account in the dashboard make managing your works easier

- 1) Start by clicking the Register or Connect button on

<https://apps.de-ctr.org/dash/apps/orcid>

The screenshot shows the ACCEL dashboard with a sidebar on the left containing navigation links: Dashboard, My Activity, Funding Opportunities, Reports, ORCID, BlueJeans, Publications, More, and Help Center. The main content area is titled 'ORCID' and features a prominent button that says 'Register or Connect your ORCID ID'. Below this, there is a section titled 'What is ORCID?' which includes a video player with a play button and a video title 'What is ORCID?'. The video player shows a cartoon character of a woman in a white lab coat. The text below the video explains that ORCID is an independent non-profit effort to provide an open registry of unique researcher identifiers and open services to link research activities and organizations to these identifiers. It also lists several benefits of ORCID IDs, such as being globally unique, permanent, and independent of name or affiliation changes.

Register or Connect your ORCID ID

**What is ORCID?**

ORCID is an independent non-profit effort to provide an open registry of unique researcher identifiers and open services to link research activities and organizations to these identifiers.

ORCID IDs are used by publishers, funders, associations and other organizations to make sure your work is correctly attributed to you, to unambiguously differentiate you from other scholars with the same name, and to streamline workflows such as submitting and reviewing journal articles, applying for funding, and more:

- Globally unique, permanent identifier that stays with you for life, independent of name or institutional affiliation changes
- Takes only a few minutes to create
- You own your ORCID ID, not your employer or publisher

If you need help registering for an ORCID they have a great help page here with detailed instructions.

You can learn more at [orcid.org](https://orcid.org).

# Linking ORCID with ACCEL

Scenario 1 - Login to existing ORCID account

- 1) If you already have an ORCID account, sign in

The screenshot displays the ORCID login interface. At the top, the ORCID logo is visible. Below it, the text 'Sign into ORCID or Register now' is shown. There are two tabs: 'Personal account' (selected) and 'Institutional account'. The main content area is titled 'Sign in with your ORCID account' and contains two input fields: 'Email or ORCID ID' and 'ORCID password'. A blue button labeled 'Sign into ORCID' is positioned below the password field. A red link for 'Forgot your password or ORCID ID?' is located below the button. At the bottom, there is a section for 'Sign in with a social media account' with buttons for 'Sign in with Google' and 'Sign in With Facebook'.

**Visibility settings**

Your ORCID ID connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it. More information on [visibility settings](#).

By default, who should be able to see information added to your ORCID Record?

Everyone (87% of users choose this)  
 Trusted parties (5% of users choose this)  
 Only me (8% of users choose this)

**Notification settings**

ORCID sends email notifications about items related to your account, security, and privacy.

## Authorize ACCEL

- 1) After logging in or signing up, click Authorize to connect your ORCID iD to the ACCEL dashboard.

**DE-CTR ACCEL Dashboard** ?

has asked for the following access to your ORCID Record

.....

Add/update other information about you (country, keywords, etc.)  
Add/update your research activities (works, affiliations, etc)  
Get your ORCID iD  
Read your information with visibility set to Trusted Parties 

.....

This application will not be able to see your ORCID password or any other information in your ORCID record with visibility set to Only me. You can manage permission granted to this and other Trusted Organizations in your **account settings**.
